

ClearTel's Push-to-Signal G Style handsets are designed for use in train cabs with easy replacement. The handset offers a high quality dynamic receiver and microphone for clear communication. The top cradle has strong sprung steel retrain clips to ensure handset is held securely in position, but easily removed by operator.

Mechanical Details	
Material	Handset:- ABS Cradle:- ABS
Colour	Handset:- Black Cradle:- Black Cable:- Black Switch:- Red
Switch Type	Handset:- Momentary PTS Cradle:- On/Off Hook
Cable Type	6 Way Round Coiled
Cable Length	6Ft
Connector Type	Handset:- RJ45 Cradle:- RJ11

Transducer Details	
Receiver Type	Dynamic
Receiver Impedance	300 Ohm at 1KHz
Receiver Sensitivity	96dB/57.5mV@1KHz (0dB=20μ Pa)
Receiver Frequency Range	300 to 3400Hz
Microphone Type	Dynamic
Microphone Impedance	150 Ohm at 1KHz
